

**One-day conference in knowledge partnership with M/S Deloitte
on
“Digital Transformation in the Oil & Gas Sector”**

Date : Friday, 8th February , 2019

**Venue : The Regal Hall, The Lalit Hotel, Barakhamba Avenue, Connaught Place,
New Delhi-110001**

Overview and Objectives

Industrial Internet of Things, Digital Oilfield 4.0, and Industry 4.0, Augmented and Virtual Reality, Machine Learning, Block-chain, Analytics etc. are some of the key terms describing digital transformation in any sector. Holistic approach to digital transformation (DX) enables an organization to gain performance visibility and be an agile entity.

With this background, Federation of Indian Petroleum Industry (FIPI) is organizing a one-day conference in knowledge partnership with M/S Deloitte on “**Digital Transformation in the Oil & Gas Sector**”.

The conference will provide an opportunity to know the current status of digitalisation in O&G sector and the experience of the prominent organisations in this direction. Conference will also focus on issues and challenges and future pathways to accelerate the pace of digital transformation in O&G sector.

The conference will be a precursor to Petrotech 2019, a prominent industry event.

Speakers

Eminent speakers from

- Deloitte
- Baer Hughs – A GE Company
- Siemen India
- Honeywell
- Kongsberg
- Shell
- Cairn Oil & Gas , Vedanta Ltd.
